**MAD SCIENCE CAMPS**

All campers will receive a Mad Science camp T-shirt and lanyard name tag. Campers will receive a minimum of one take home item each day. Campers enrolling in BOTH Mad Science camps will need to bring a sack lunch and drink every day and eat lunch with the counselors. Mad Science provides a daily snack and beverage that is built into the day's activities. Please have campers wear comfortable clothing and closed-toe shoes.

**NEW! UNDERGROUND EXPLORERS AGES 7 - 12**

Unearth the past in this archaeology and paleontology camp. Dig into the physical remains left behind by people and animals long ago! Learn how fossils were created. Make your own fossil replicas, including a Velociraptor claw, a T-Rex tooth, and an amber capsule. Identify ancient fossils. Explore human history by examining the objects that ancient peoples left behind. Delve into the mysteries the lost city of Pompeii. Participate in a mock archaeological dig and attempt to solve an ancient mystery. Preserve genuine artifacts and take home an ancient coin that you cleaned yourself!

- **The Land Before Time** – Campers begin their exciting journey into the world of paleontology and dinosaurs! They will learn about different types of fossils and even make a T-Rex tooth, a Raptor Claw and a Trilobite replica to take home. The day concludes with an excellently tasty excavation.
- **Can You Dig It?** – Discover the care and attention to detail paleontologists must use to unearth ancient items. Compare teeth, skulls and bones to explore the difference between carnivores, herbivores, and omnivores. We definitely think you will dig this day!
- **Pieces of Our Past** – Just what is archaeology and what can we learn from it? What types of materials last through time? We will use our observation skills and gather clues about patterns of use and wear and how people may have lived long ago.
- **Buried Stories** – We will explore an ancient city in Italy known as Pompeii and investigate what happened to it when a giant volcano called Vesuvius erupted. Campers will also get to make their own volcano before the day is complete!
- **Ancient Artifacts** – Find out how archaeologists use stratigraphy, the study of soil and rock layers, to gain information and sometimes even excavate thrilling treasures! Experiment with metal detectors and see how they can help find buried metal. Even learn special techniques to clean the ancient coins you uncover.

**Minimum 12 / June 11,12,13,14,15 / 9:00 AM – 12:00 PM / Fee - \$175.00**
