SUPERINTENDENT’S AGENDA

SCHOOL BOARD RECOGNITION MONTH

Mrs. Aukerman noted that January is School Board recognition month. She acknowledged and thanked our great Board for their time and commitment. She feels that they represent the community very well.

CRA PRESENTATION – BETHANY DENTLER

Bethany Dentler, Executive Director of the Medina County Economic Development Corporation, was on hand to provide an overview of the latest CRA application. This application was received from the Akron-Medina Corporate Park II, which is owned by the Faciana Family, and represents an investment in the Granger Township CRA. The proposed investment includes the construction of a 31,200 sq. ft. speculative building, which will ultimately be occupied by a tenant(s) that has not yet been identified.

The project will include an estimated investment of $1.5 million in real property. Construction is planned for this winter with an expected completion date of December 31, 2015. The owner estimates the creation of 20 new full-time permanent jobs with an estimated annual payroll of $900,000 per year.

Based upon the CRA policy guidelines established by the Granger Township Trustees, this tax abatement would be a 15 year tiered tax abatement. The tiers include abatement of 50% the first 7 years, 40% for the next 4 years, and 30% the remaining 4 years. The Compensation Agreement calls for a minimum payment of $1,000 per year.
to the District for 15 years if the Auditor values the building at or below $1.1 million or $1.500 per year for 15 years if the Auditor values the building above $1.1 million.

Mr. Kelly pointed out that these types of investment help grow the tax base and result in a shared tax burden between residents and businesses.

2015 FIVE YEAR FORECAST - MAY UPDATE

Treasurer Neil Barnes provided an update regarding the District’s Five Year Forecast. By law, the District must update its Forecast at least once per fiscal year. Mr. Barnes noted that the modifications to the previously Board approved October 2014 version of the Forecast were immaterial and the District’s financial outlook continues to be favorable.

Mr. Kelly pointed out that based upon the updated Forecast, it appears that the District will be able to extend the levy cycle. He feels very comfortable that the
administration is doing a phenomenal job managing our money and he hopes the community realizes this too.

Dr. Christopher noted that our District is continually at risk in terms of state funding primarily because we are considered wealthy by state measures. He stated that the District must watch this funding dynamic closely and continue to advocate very aggressively in Columbus on issues that are important to us. He also said that schools are being viewed more now by the government as an opportunity to drive a variety of different agendas, such as health and wellness. These agendas can lead to additional unfunded mandates for the District. Dr. Christopher said kudos are in order for the team, Mrs. Aukerman, Mr. Barnes, and the entire staff for the manner in which the budget is managed.

APPROVAL OF UPDATED 2015 FIVE YEAR FORECAST AND ASSUMPTIONS 15-05-60

- Acknowledged Lauren Swartz who has been selected to be in the Cleveland Orchestra Youth Orchestra. He also mentioned how successful Highland’s relatively young strings program has been since inception.
- Recognized Mary Becker for being inducted into the inaugural Athletic Hall of Fame class at Midland High School in Michigan and the success she has brought to our students and to our golf team at Highland.

SUPERINTENDENT’S AGENDA

TRAVEL DISCUSSION

Mrs. Aukerman felt a discussion should be held following the terrorist attacks in Paris to consider how these events impact the District’s comfort level in proceeding with previously approved international trips to France, China, and England. Trips to France and China have been scheduled for March and a trip to England has been scheduled for June. Also, a domestic trip to Washington D.C. in March is on the Agenda this evening. She asked for the Board to contemplate the various options regarding these trips, which include going through with the trips as planned, modifying itineraries, delaying the trips, or cancelling them altogether. She said that no trip is worth risking the safety of our students and we want it to be a good experience for our kids. The decision is made more difficult by these uncertain times and the fact that circumstances can change in an instant.

Mr. Houska asked if there have been any conversations with parents. Mrs. Aukerman said there have been a few questions regarding travel. Students and chaperones are in the process of securing visas and preparations are in full go for the trips. Now is the time to act, if we are not going to go. First payments have already been received for the trip to Washington, D.C.

Dr. Christopher noted that France has declared that they are in a war state and locked down in a state of emergency for the next 3 months.

Mrs. Thomas stated she is most concerned about France and feels it is too soon to move on something like this. She also said that Washington, D.C. is always a target.

Dr. Christopher mentioned that various news outlets have reported there are specific threats for 5 states in the United States, including Virginia and Maryland. He said part of our discussion too is what are the role and responsibility of the Board and District in sponsoring or approving this sort of travel. He feels a sense of responsibility in the event something would happen.

Mrs. Aukerman said parents entrust their children with us every day. This is even more so the case with international travel. This is a district sponsored trip. The District can’t ever 100% guarantee the safety of all travelers.

Mr. Houska asked if we were going to poll any of the families to get their thoughts. Mrs. Aukerman said they are looking for some guidance and are calling the teachers to ask them what they think. Parents are looking for some reassurance that it is safe and we can’t give that to them.

With regards to the D.C. trip, Dr. Christopher wondered if we could defer it to a later date perhaps in May or June, but realizes how difficult it might be to reschedule.
Mr. Wolny asked if the cost would be negatively affected for the international trips if fewer people end up going. Mrs. Aukerman felt the price would still be the same for the most part.

Mr. Wolny referred to the events in Paris as France’s 9/11.

With respect to the D.C. trip, Mr. Henry said we do save some cost savings because we book our trip for early spring. He said there could be some additional costs if we delay or modify the trip itinerary. Students have made their first payments to Highland this week for the trip, but we have not incurred any non-refundable costs as of yet and Nowak Travel said we do not owe them anything at this time. Mr. Henry said a November 19th question and answer session for parents regarding Washington, D.C. will be held, noting this informational session had been set up well in advance of the recent events in Paris.

Dr. Christopher said if we approved the trip to Washington D.C. tonight, it would likely raise some eyebrows and questions. Given the fluidity of the situation, he said he would be fine with deferring this decision until the December meeting.

It was decided to table trip approval for Washington D.C. and defer any action to cancel the international trips at this time. A final decision would be made next month or possibly at a special meeting prior to the next regular meeting.

APPROVAL OF OUT-OF-STATE TRIP - TABLED 15-11-136

Mr. Wolny made a motion, seconded by Mrs. Thomas, that the Board of Education table the approval of the Middle School Out-of-State trip to Washington, D.C., leaving on March 16, 2016 and returning on March 18, 2016, as presented. This trip is paid entirely by Highland students. The Board may act upon this item at its next meeting.

The Foundation is looking for additional ideas regarding strategic planning to ensure that the next 15 years are just as successful as the first 15 years of the Foundation’s existence.

HEARING OF INDIVIDUALS AND/OR DELEGATION REPRESENTATIVES

Bob Berry, Granger Township resident, spoke to the Board regarding his disappointment with the District’s cancellation of previously approved international travel, specifically to England, and what he perceived to be a lack of transparency in the process to arrive at that decision. He feels parents expected to and should have been given an opportunity to provide their opinions regarding the travel and that such feedback should have been taken into consideration in making the decision to cancel, which includes the expenditure of public funds to reimburse families for forfeited down payments. He did not advocate for a different decision, but took issue with the manner in which that decision was reached.

Mr. Berry provided a chronological list of key events leading up to the District’s decision to cancel all international travel, including a communication from the District on November 30th notifying students and parents of this decision. Based on the timeline provided, he stated that it was unclear to him how the decision occurred and, to that end, he submitted a public records request in an effort to more fully understand. He also does not feel that the decision regarding international travel is consistent with the continuation of out of state travel to Washington D.C. and Disney World in Orlando, FL in light of recent domestic terror.

Mr. Kelly responded to the insinuation of non-transparency by stating that international travel was discussed by the Board at the November Board meeting and there had been no discussions between Board members after that until tonight. Between the November and December Board meetings an executive decision was made by the Superintendent, which he supports, based upon an
international travel alert being by our Government and the fact that additional monies would have been forfeited by families had the decision to cancel been delayed beyond December 1st. He reiterated that the Board did not deliberate outside of the public eye and took offense to the inference that that they did.

Mrs. Aukerman provided an explanation as to how the decision was made. She met with teachers and the high school principal to gather information prior to making the decision. In addition to the obvious safety concerns, it was learned through conversations with the travel company that forfeited deposit amounts would double, if notice of cancellation was not provided by December 1st. Tracy Goebel, who was the lead teacher for the trip to England, shared that she had received several inquiries from parents who expressed concern about the amount of money that they might lose. After taking all of the facts and circumstances into consideration, including parent feedback, and consulting with legal counsel to confirm her authority, Mrs. Aukerman made the decision on the matter. Additionally, she indicated that a special Board meeting was not held given the fact that a meeting would have occurred on the day before Thanksgiving. She believes this timing would have most likely resulted in little to no public attendance and a greater appearance of non-transparency.

Dr. Christopher said he received numerous phone calls on this matter. He reiterated that the Board makes every effort to serve honorably and transparently. He said he didn’t take offense to Mr. Berry’s comments and understood his position. He acknowledged Mr. Berry’s concern with the process as opposed to the decision. Dr. Christopher also noted the difficulty that might be encountered with international travel as compared to domestic travel should a terrorist attack take place.

OLD BUSINESS

APPROVE THE MIDDLE SCHOOL OUT-OF-STATE TRIP 15-12-146

Mr. Kelly made a motion, seconded by Mrs. Thomas, that the Board of Education approve the Middle School Out-of-State trip to Washington, D.C., leaving on March 16, 2016 and returning on March 18, 2016, as presented.

[It will be required that students’ families purchase “Cancel for Any Reason” Insurance (Coverage H) administered by Travel Insured International, an additional $31.50 per student, as a condition of participation. This trip is paid entirely by Highland students].

Mr. Kelly inquired as to how a potential Board cancellation of this trip would work from a refund standpoint. Mrs. Aukerman stated that with 48 hours’ notice of cancellation, parents would be reimbursed 75% of the per student amount paid to the travel company. She also noted that parents will receive a communication from the District informing them that the additional 25% would not be refunded by the District should cancellation occur. Dr. Christopher said he appreciated the work that has been done trying to come to a reasonable conclusion; one that protects the District and to the extent possible, the students and staff.

Mr. Kelly said he still has concerns about the trip given the state of the world today and that he would be voting against it had there not been a requirement to purchase travel insurance.

Mrs. Thomas reiterated that Mrs. Aukerman has the authority to make executive decisions regarding the future disposition of this trip should an emergency situation arise.

SUPERINTENDENT’S AGENDA

HIGH SCHOOL – INTERNATIONAL TRAVEL 15-12-147

Mr. Wolny made a motion, seconded by Mr. Kelly, that the Board of Education suspend all district-sponsored international travel for the 2015-2016 school year. This action will rescind previously approved international trips to England (approved on May 18, 2015, Resolution 15-05-61), China (approved on July 20, 2015, Resolution 15-07-90) and France (approved on July 20, 2015, Resolution 15-07-91).

Mr. Wolny said he agreed with the previously made comments regarding travel logistics overseas. This would also be his main concern.

Mr. Kelly said he reflects his comments from past board meetings regarding international travel with the exception of China.

Mrs. Aukerman said there is inherent risk anytime anyone travels; however, when there is District sponsored travel, the Board absorbs much more of that risk than when families are travelling on their own. Parents look to the District for some assurance that the situations we are putting their children in are safe to the extent possible. Currently, the international travel scene has more than average risk associated with it and as such the Board should not sponsor such travel.

Mr. Kelly noted that he is a proponent of the District’s exchange programs. He feels that gaining a better understanding of other cultures is how we can make the world a better place, but, at the present time, there is too much risk.

Dr. Christopher added that the posture of the Board has been very proactive and supportive with respect to international travel.

Mrs. Thomas expressed her appreciation to Mrs. Aukerman for her leadership in guiding the District through this situation. She added how disappointed she is for our students, but at this particular time, the world is particularly dangerous in so many countries.

Mrs. Aukerman closed by stating that this suspension of international travel is for the 2015-2016 school year.
