STARK COUNTY COG HEALTH INSURANCE BRONZE PLAN – DISCUSSION ITEM

Mr. Barnes, Treasurer, provided a brief overview of a new health insurance option being offered to employees through the Stark County COG to ensure compliance with the Affordable Care Act (ACA). The ACA requires that an offer of insurance coverage be made to at least 70% of an employer’s full-time employees for 2015 and at least 95% for 2016 to avoid certain taxes. The ACA considers any employee who works thirty or more hours per week to be full-time. Generally, Highland employees can obtain standard COG health insurance coverage with an 80% Board contribution towards such coverage, if they are regularly scheduled to work thirty hours per week or more. The new Bronze Plan is being offered to all regular employees who are not regularly scheduled to work thirty hours per week or more. This plan is made available to such employees and if an employee opts for coverage through this plan, they pay 100% of the premium. In addition to certain regular employees of the District, this plan would be offered to substitute and seasonal employees who average thirty hours or more per week for the specified measurement period.

SUPERINTENDENT’S AGENDA

Mrs. Aukerman acknowledged that the District received news of a very special honor. For the 4th consecutive year, the College Board has named Highland High School to its annual AP Honor Roll.

High School Principal Mr. Addis explained that the College Board wants all schools to pursue Advanced Placement courses in a rigorous manner, which the High School has chosen to do. He thanked Mrs. Aukerman and the Board for their continued support. This award is for schools that increase not only the amount of students who are taking courses/tests, but also scoring at a 3 or above on the test. There were 425 schools nationally and in Canada who were recipients of this award. Mr. Addis said this is a representation of growth and the High School still has some room to grow the AP program. Last year the High School administered 409 tests. Mr. Addis noted that if all eligible students take the tests this year, the High School would administer 497. This is a testament to our families, students and teachers.

Dr. Christopher recalled the conversation with the Board where this became a strategic objective for the schools to enhance AP offerings, both in terms of quantity and quality. He thanked everyone for their vision and for making it happen.

Mr. Addis thanked all of his colleagues for spending so much time in preparing the students in order to be able to reap the benefits at the High School.

Mr. Kelly said we as a Board, are so proud of our administrative team from top to bottom. It shows in so many ways, and this is just another prime example. He said it is his hope that the community really realizes that because you do not do great things without great leadership. He thanked everyone.

Mr. Addis noted that the High School will be adding 3 new AP courses – French, Art History, and Music Theory, for a total of 16 class offerings. The High School has grown by 7 courses over the past 4 to 5 years.

SCHOOL BOARD RECOGNITION MONTH

Mrs. Aukerman noted that January is School Board recognition month. On behalf of the entire District, she thanked and acknowledged our great Board members for their work and commitment to the students, teachers and staff. This year’s theme is “A Work of Heart”. Certificates of Appreciation were provided to each board member honoring them for their dedicated leadership and service to public schools.

BOARD MEMBERS’ AGENDA ITEMS

Mr. Kelly expressed his continued disappointment with the State’s current funding method for Ohio’s charter schools and the general lack of real accountability for these schools. These schools are funded through deductions from the State funding of traditional public school districts. Currently, Highland loses more than $250,000 annually to charter school deductions. Mr. Kelly expressed an interest in passing another Board resolution in opposition to current charter school funding methods, including an invoice/bill to the State to recoup all cumulative deductions from Highland Local School District’s State funding since this began impacting the District during the 1990-2000 school year. Mr. Kelly feels that there is a need for more awareness on the part of local taxpayers. The efforts of outraged local taxpayers could lead to change in this arena.

NEW BUSINESS

Mrs. Aukerman commended Treasurer Neil Barnes for his recent efforts related to the District’s audit and bond refunding. Mr. Barnes was once again presented with the Ohio Auditor of State Award with Distinction for the FY 2015 audit. This award is presented to less than 5% of all governmental entities in the State of Ohio. Additionally, the District is closing on a bond refunding transaction that will save taxpayers more than $4,000,000 over the remaining life of the bonds. A tremendous amount of work went into compiling the information necessary to execute this transaction.

Mrs. Aukerman also noted that the Local Report Cards will be published by the Ohio Department of Education on Thursday, February 25, 2016. She cautioned that this is a period of transition and that certain criteria have changed. She is not entirely sure what to expect in terms of Highland’s results or how those results will compare to other school districts.

Mr. Kelly made a motion, seconded by Mrs. Thomas, that the Board of Education accept the lowest responsible and responsive bid for the High School science classroom renovation as submitted by Town Center Construction in the amount of $173,995 and authorize the Treasurer to execute a contract with the successful bidder.

Mr. Kelly, yes; Mrs. Thomas, yes; Mr. Wolny, yes; Mr. Houska, yes; Dr. Christopher, yes.

Motion carried.

Mr. Kelly commented on a proposed annexation of approximately 55 acres in Sharon Township to the City of Wadsworth. Mr. Kelly wants the Highland community to be aware that the Wadsworth City Council voted May 4th regarding the zoning regulations that would apply to this property, which could lead to the addition of more than 75 homes over the next 2 to 3 years. The property proposed for annexation would still be part of the Highland Local School District territory and could have a significant impact on our enrollment and budget. He stated that Highland makes an effort to plan for future enrollment based upon the current zoning requirements that exist within the District. He further explained that school districts and townships don’t have much of a say in annexation matters. The annexation proposal is slated for presentation to the County Commissioners during the week of May 16th. He would like to reach out to the Commissioners and local representatives to communicate Highland’s concerns and encouraged other community members to do the same.

Mr. Kelly also expressed his continued frustration with the charter school fiasco in the State of Ohio. He feels that state legislators should not continue to invest tax dollars in these schools that are failing miserably and in many cases are run by for-profit companies. These schools do not have to operate under the same rules as traditional public schools thanks to strong lobbying efforts and Highland has over $250,000 deducted annually from its state funding, which is diverted to charter schools. He also noted that he would like to bring a resolution to the Board at a future meeting to more formally communicate the District's opposition and also bill the state for cumulative charter school deductions from its state funding similar to what many other traditional public school districts have done throughout the state.
Dr. Christopher said one of the issues with charter schools is that public dollars are going to support for-profit, private entities that are outside the regulatory scrutiny of the state.

Mr. Kelly said the money that goes to these schools could easily be going into someone’s pocket, and it is just absolutely wrong.

HEARING OF INDIVIDUALS AND/OR DELEGATION REPRESENTATIVES

Mr. Henry, Middle School Principal, announced that Highland had 3 teachers from the Middle School who were nominated for the Greater Cleveland Council of Teachers of Mathematics Outstanding Teacher of the Year Award: Andy Gopp; Anna Taylor; and Becky Watson. He was pleased to share that this year’s winner is Anna Taylor.

Mr. Henry also announced that the Medina County Auditor’s Office sponsors a Memorial Day essay contest each year and Highland had two seventh graders who received recognition for their submissions. Maggie Petersen won first place and Laura Recean won second place.

Mr. Henry also announced that earlier in the year, seventh grader Lauren Paulus won the Stop the Hate Essay Contest sponsored by the Maltz Museum of Jewish Heritage.

Teresa Wright, Executive Director of the Highland Foundation, announced on behalf of the Alumni Association that applications for Distinguished Alumni Awards will be accepted until June 1st. The group is looking to have its first distinguished alumni group recognized at the September 2nd football game with awards being presented at a ceremony on September 3rd in the high school auditorium.

Dr. Deuber, Athletic Director, shared the many athletic accomplishments achieved by the spring sports teams:

- High school boys tennis, boys track, and baseball teams placed second in the Suburban League.
- High school girls track and softball teams won league championships. For girls softball, it has been over 40 years since their last championship, and girls track was over 38 years! Dr. Deuber expressed the pride of the District and community in our coaches and students.
- Brittany Fleischer won the Suburban League Softball Player of the Year
- Coach Patrick Martin won the Suburban League Softball Coach of the Year

Mrs. Aukerman provided a brief explanation to the Board regarding the resolution of intent not to provide career-technical education in grades 7 and 8. Districts are able to obtain a waiver from the State for students in grades seven and eight. The District currently satisfies its requirements by being a member of the Medina County Career Center and seeking the waiver for grades seven and eight.

HEARING OF INDIVIDUALS AND/OR DELEGATION REPRESENTATIVES

Mr. Addis, High School Principal, introduced this year’s theme at the High School called “Build Your Brand”. The students will be working on developing their own resume; what they are all about; what they stand for; what their ambitions are, and how they will market themselves to colleges and future employers. There are four “Build Your Brand” days planned for students to work on this. Students had an opportunity to pick up a T-shirt with the theme on it. The T-shirts were purchased from Cleveland Clothing Company, which is owned by two Highland graduates.

Mr. Kelly stated that he loves this slogan and that this is a great way to get the kids more engaged in thinking about their plans for the future.

Mrs. Aukerman noted that freshman orientation was held on Friday and many parents commented on what a great idea this year’s theme is. It helps kids gain a better awareness of how their actions reflect on their brand and what they are trying to build in that sense.

Mrs. Thomas announced that raffle tickets are on sale for the Highland Foundation’s benefit dinner, “An International Affair”, which will be held on November 5th at Weymouth Country Club. Tickets are $10 each for entry into a drawing to win a getaway to Belhurst Castle in Geneva, New York. Further information is available at www.highlandfoundation.org.

NEW BUSINESS

Mrs. Aukerman discussed questions and concerns that have been received and conversations that are taking place in the community regarding the start date of the school year. Many feel that this year’s August 17th start date was too early especially given the extreme temperatures that were experienced. Mrs. Aukerman stated that there are several reasons for the timing of the start of the school year. She noted that several years ago Highland participated in an all-county Boards of Education meeting in which all the Boards collectively attempted to arrive at a consistent county-wide calendar. A uniform calendar can have a beneficial impact on the budget. For example, transportation costs can be lowered. That is, Highland drivers transport students to the Career Center and non-public schools. If Highland is not in session and the Career Center is, drivers still must work and be paid accordingly. A consistent calendar can eliminate some of these additional wages.

Another consideration was the timing of midterms. In the past, midterms would occur after the winter recess. This lead to students spending an abundance of their time over the break preparing for exams. Many families opposed this setup. The current calendar allows for midterms to take place before the winter recess.

Finally, there are many families that advocate for finishing the school year before Memorial Day. The current calendar accomplishes this as well.

Mr. Kelly said he did not want to add the additional costs that could result by not aligning with the rest of the County. He noted he has received many more complaints this year than ever before. He wants to make sure these concerns are taken into consideration when the next calendar is being developed. Mrs. Aukerman assured him that Highland would be represented on the committee developing the next calendar and that proper vetting will take place.

ODOT ROUNDBOAT CONSTRUCTION DISCUSSION

Mrs. Aukerman said the roundabout construction at the intersection of Route 94 and Granger Road was set to begin today; however, ODOT has communicated that the project has been delayed once again. They are still dealing with utility issues and are not sure when this project might get started. Once the project does commence, it is slated to last approximately 70 days. Mrs. Aukerman asked for patience when the project does begin because there will more than likely be delays and increased travel times for our bus routes. She requested that parents not make changes to their normal student drop-off/pickup arrangements due to the additional congestion that could be created.

Mr. Kelly said we need parents to understand that this project could create a lot of problems. We could receive a phone today or tomorrow from ODOT to inform us the project is underway. It is out of the District’s control.

OLD BUSINESS

MRS. AUERMAN - FACILITIES UPDATE

Mrs. Aukerman introduced Jeff Tuckerman, Hammond Construction and Regional Liaison from the Ohio School Facilities Commission (OSFC). Jeff is Highland’s point of contact for any building projects through the OSFC. Mr. Tuckerman was invited to the meeting to continue the conversation about what the next steps would be in Highland’s facilities assessment process.

Mrs. Aukerman provided a review of progress to date:

- Two years ago, the District formed a Facilities Advisory Committee that convened to tour the facilities, hear information regarding space constraints, better understand problems associated with aging buildings, etc. The group vetted a number of potential options and finally arrived at a recommendation to the Board to build 3 new elementary schools and make significant renovations to the middle school, which would include air conditioning.
- Most recently, the OSFC prepared environmental and student enrollment studies for the District.

JEFF TUCKERMAN – OSFC

Mr. Tuckerman said the district has the opportunity to partner with the State to enter into a building program through the OSFC. There is no obligation to enter into a program with the State of Ohio even though the District has already taken advantage of many services offered by the OSFC. At the current time, Highland’s State share is only 5%. Relatively low State assistance levels such as this are generally not that appealing to districts and many opt to take on building projects without State assistance.

Mrs. Aukerman asked what the next steps would be at this juncture. Mr. Tuckerman said the State has the baseline information needed to estimate costs for the project. He recommended engaging a design professional as soon as possible, if the District intends to move forward soon. He also emphasized the importance of commencing the community engagement effort. Ultimately, the District will also need to decide whether it will partner with the State through the OSFC or undertake the project on its own.
EAGLE SCOUT PROJECT PRESENTATION – NICHOLAS MOORE

Dr. Deuber introduced Nicholas Moore who provided a presentation on his Eagle Scout project, which was the construction of a 32’ x 8’ bridge that connects the Land Lab and Granger Elementary to the High School. Nicholas said it took one year of planning and community engagement, a total of 600 hours and 9 work days to complete. He came up with the idea while in middle school due to frequently walking through to the high school. Nicholas thanked the Board and staff members for their support. Mrs. Aukerman stated they thought he would do a great job; however, he exceeded expectations.

SUPERINTENDENT’S AGENDA

STATE REPORT CARD OVERVIEW

Mrs. Aukerman provided an overview of the State report card as published for the 2015-2016 school year. The District received the following grades:

- “A” for Progress/Value Added
- “A” Graduation Rate
- “B” Prepared for Success
- “B” Performance Index
- “C” Gap Closing

Mrs. Aukerman cautioned that the District and community should not put too much stock in the report card grades/results until there are at least several years of consistent data, testing formats and methodologies, etc. included by the State.

SUPERINTENDENT’S AGENDA

HIGH SCHOOL OUT-OF-COUNTRY TRIPS - DISCUSSION

Mrs. Aukerman provided a summary of some of the recent highlights of the District’s intercultural program. She discussed the recent international summit that took place here at Highland that involved the visit of approximately 60 foreign students plus staff from China, France and Spain. Our students had a wonderful experience, along with the many families that hosted the foreign visitors.

The second part of this intercultural experience would be for our students to have the opportunity to travel overseas to visit one of the above three countries depending upon the language they study. Last year’s international trips were put on hold because of world events.

Darla Miller, Foreign Language Teacher and Intercultural Program Advisor, stated that she appreciates the manner in which the Board handled last year’s decision and was very grateful for how thoughtful they were. She also feels it is very important for our kids to benefit from the second half of this experience, along with the families and our sister schools.

Mrs. Aukerman said there is always some associated risk with any travel both in the United States and outside the United States and we need to make sure that the families are all aware of that. Ultimately, the parents need to decide whether they feel this trip is right for them and their child. This trip is not a requirement of the course; however, if you are in a foreign language class, you have the opportunity to participate.

Dr. Christopher added there has been a lot of angst around international travel and last year we struggled with the decision, but felt we did the right thing.

Mr. Houska asked if the school assumes any risk if there is a flight delay, cancellation, or unanticipated extended stay. Mrs. Miller said the type of insurance that is purchased takes care of situations like this.
Mrs. Thomas reaffirmed that if there is some type of terrorist event prior to the trip, Superintendent Aukerman has the authority to make the call as to whether the trip should be cancelled.

Mrs. Miller said that all risks, financial or otherwise, will be made very clear to participating families at mandatory meetings leading up to the trip. Families will be required to formally acknowledge their understanding of these risks.

On behalf of Mr. Kelly, Dr. Christopher conveyed Mr. Kelly’s concerns regarding unforeseen accidents whether they be the result of deliberate actions or natural causes. He is very concerned about liability for the district.

Dr. Christopher noted that as a Board, we are doing everything that we can to mitigate risk. He added this in an unbelievable opportunity for our students, but the decision to participate in any trip offered is a personal decision that parents and families need to make.

Mrs. Aukerman said the parent meeting will make these items clear to the students and families.

Mr. Wolny added that it is very important for our kids to have the opportunity to go. People who have had this opportunity have said it has had a big impact on their lives.

Mrs. Thomas finished by saying families have asked why this takes place during the school year instead of summer break. The timing allows our students to visit while instruction is taking place there. Participating Highland students are also required to keep up with their assignments back home.

Mrs. Thomas, on behalf of Theresa Wright, Executive Director of the Highland Foundation, thanked everyone in the community for their continued support. Mr. Kelly said it was a wonderful evening and for those who have not yet attended one, he recommended you should.

Mrs. Thomas also shared that the Highland Foundation is in the process of attempting to raise $7,500 specifically for the purpose of continuing College Now support at the High School. College Now provides on-site counseling and assistance to help Highland students navigate the financial aid process and matriculate to more competitive colleges. Please go to the Highland Foundation’s webpage where you will find a link to FundForward through which a contribution can be made to this great cause.

Mr. Kelly announced that he will miss the December 12th meeting. He shared that his wife is receiving cancer treatments through a trial that takes place out of town.

HEARING OF INDIVIDUALS AND/OR DELEGATION REPRESENTATIVES

Linda Collins, Highland Foundation Trustee, also spoke on College Now. She said College Now provides a representative(s) who talks to our parents/students to help with the FAFSA forms. College Now also offers scholarships. Many Highland students have received scholarships through College Now. She noted that Highland students have gained more in scholarships than the Foundation/District has paid out to the program.

Mrs. Collins also reported out on the fall grant applications. The Foundation received ten applications with at least one application from each school building and approved/funded every one of them for a total of more than $43,400. The grants included:

2016 MOMENTUM AWARD FROM OHIO’S STATE BOARD OF EDUCATION

The State Board of Education of Ohio recognized the Highland Local School District as one of only 54 districts statewide to earn the prestigious Momentum Award. This award is presented by the State Board of Education and recognizes school districts that exceed expectations in student growth for the year.

A notification letter was received from Thomas Gunlock, President of the State Board of Education, congratulating Highland for being granted by the State Board of Education, the 2016 Momentum Award. This award recognizes districts that have earned straight “A’s” on all Value-Added measures included on the 2016 Ohio school report card. The district must have at least two Value-Added subgroups of students, which includes gifted, lowest 20% in achievement, and students with disabilities. In the letter, Mr. Gunlock stated, “I am proud of the academic support you, your staff members and community have provided to students from every background and ability level. The State Board and Ohio Department of Education look forward to sharing information about your success with districts and communities throughout our state, hoping they can follow your model of excellence.” The Highland Local School District is the only Medina County school district to receive this award.
