SUPERINTENDENT’S AGENDA

SCHOOL BOARD RECOGNITION MONTH

Mrs. Aukerman noted that January is School Board recognition month. On behalf of the entire District, she thanked and acknowledged our great Board members for their service and commitment to all of our students, teachers and staff. Certificates of Appreciation were provided to each board member honoring them for their dedicated leadership and service to public schools.

Dr. Christopher thanked and acknowledged the board members’ commitment to the community, to our students and to public education. He said it is an honor and privilege to work with this board.

Mr. Kelly said he has been a member on many boards over the years, and it is amazing how well this board works together, and how very proud he is to represent this community. He believes it has a lot to do with our leadership, from both of our Board President and Superintendent. He thanked both and said it makes their job a lot easier.
A round of applause followed.

BOARD MEMBERS’ AGENDA ITEMS

GOVERNOR’S BUDGET DISCUSSION

Mr. Kelly expressed his concern regarding the Governor’s recent budget proposal for the 2018-2019 biennium. Simulations of the proposal indicate that Highland would not lose or gain any basic funding, but the formula calculations do illustrate that Highland would be back on the guarantee (or held harmless at current funding levels by transitional aid). Guarantees/transitional aid could be subject to phase out in the future, which makes this status somewhat precarious for Highland.

Dr. Christopher noted that the Highland Board of Education is not generally very political in nature, but he did express his strong opposition to a provision in the Governor’s budget proposal to add three additional ex-officio school board members from the business community. These members would be appointed by the Superintendent. Dr. Christopher objects to this proposal for two primary reasons. First, he feels that it violates the principles of democracy. Each school board member is elected by a vote of the people and are held accountable by their constituents. If the community does not approve of the job a board member is doing, then he/she will not be re-elected. Secondly, he disagrees with the premise that communities do not recognize the importance of having a strong business presence to support the educational mission of the school district. He views this as an affront to the Board. He noted that the Highland Board is populated by business people, and adding to that, brings little or nothing to the work and conversation that already occurs on a regular basis. He stated that the Board is responsible for assuring a high quality of leadership in the school district and feels this has been accomplished with Mrs. Aukerman and Mr. Barnes. There are many other items in the budget that bring some risk to Highland and the Board and the administrative team will keep appraised of those things as the budget process continues.

Mr. Kelly also voiced his opinion about the continued expansion of for-profit charter schools, which seem to have strong support at both the state and federal levels. He noted that these schools are not held to the same standards as traditional public school districts. He advocated targeting assistance through educational alternatives (like charter schools) to those public school districts that are struggling as opposed to trying to change the whole system in which there are currently many high-performing public schools. Mr. Kelly reminded the audience that Highland has lost more than $2 million to charter schools since their inception. Mrs. Thomas stated that she worries that the next move will be to send more public school funding to private schools. Dr. Christopher agreed that in certain situations and communities charter schools play a critical role. He does oppose what appears to be a lack of accountability, and at some level, their ability to cherry-pick certain students, leaving a potentially inordinate burden on the public school systems.
FACILITIES DISCUSSION

Mrs. Aukerman summarized the facility planning work done to date, which has included among other things collaborating with the OFCC/OSFC, convening a facilities advisory committee, and completing/updating enrollment studies and environmental studies. She said the next step would be to solicit feedback. She reviewed various community engagement activities slated for the upcoming weeks, which include 8 small group listening sessions at the end of February, an electronic survey open to all community members in March, and a statistically valid telephone survey to be conducted by an outside organization specializing in this area. Over the coming weeks, she stated that it would be the job of the Board and administration to gather feedback, analyze data, and make a recommendation as to what the best option is for Highland’s facilities.

She noted that the options currently include the following:

- Do nothing
- Build 3 new elementary schools in their current locations
- Build 2 new elementary schools, eliminating 1 elementary school, which would be up to the community and the Board to decide
- Build 1 large elementary school, condensing all elementary schools into one building

*All of the above options except the first include renovating the Middle School.*

She encouraged everybody to participate in the survey because the District is excited to hear what the community has to say.

Mr. Houska inquired about the state’s involvement in terms of cost sharing and whether any changes at the state level would provide the opportunity to get this done sooner rather than later.

Mrs. Aukerman shared that there are special programs available to schools that have exceptional facility needs. She also noted that even if Highland were to participate in such a program, the state’s contribution to the project would be around 5% due to Highland’s classification as high wealth. While this seems like a small amount, it could add up to millions of dollars on a large building project. Highland has been working with the OSFC to gather cost estimates for the various scenarios, but she cautioned that these estimates are very preliminary and based upon the Ohio Design Manual. She said Highland might determine there are additional items not addressed by the manual that would be entirely funded by local money (example, space for Latchkey).

Dr. Christopher added that this is very complicated and the District does its best to be transparent about cost. Everyone must understand that these are very preliminary cost estimates.

Mr. Kelly said the most important thing right now is that the District is being methodical and he encouraged the taxpayers of the community to provide their feedback because the Board wants to hear from as many people as possible. Mrs. Aukerman concurred and expressed the strong interest the District has in hearing what the community has to say. She noted that this is a very complex issue that the District has spent the last 2 years exploring in depth. She added that there are no preconceived notions and there is a cost associated with doing nothing.

Dr. Christopher mentioned that he and several Highland administrators recently attended an OFCC educational visioning conference in Columbus. He noted that there are many opportunities to use space to your advantage in creating an optimal educational environment for young children. There is a lot to think through...
and consider and this is an important part of the story to tell as the District continues to engage the community.

Mrs. Thomas encouraged people to sign up for the listening sessions, which are limited in space. She said if the sessions fill up, more would be added. Mrs. Aukerman agreed and provided contact information for individuals to sign up. Burgess & Burgess is facilitating the listening sessions. No Highland Board members or District employees will be at the sessions to ensure all participants are comfortable speaking freely in providing their opinions.

Mrs. Aukerman circled back around to the Governor’s budget proposal. With respect to his idea to appoint three additional members to the Board from the business community, she said it is concerning to her that the Governor is making statements such as “Business people from the outside who don’t have to stand for election or anything else can really disrupt the type of curriculum that’s taught in the schools.” This is particularly mind-boggling due to the fact that districts follow a standards based curriculum established by the State of Ohio. Mrs. Aukerman strongly believes that the Highland Board of Education represents this community very well and could not have better business people on the Board. She appreciates what the Board does and thinks there is a total misunderstanding by the Governor regarding the backgrounds and credentials of the individuals who serve on these boards of education.

COMMUNITY REINVESTMENT AREA PRESENTATION – BETHANY DENTLER

Mrs. Dentler was unable to attend the meeting. In her absence, Treasurer Neil Barnes provided a brief summary of the latest proposed Community Reinvestment Area (CRA) application/investment in Granger Township by Akron Medina Corporate Park II (AMCP II). The application describes the proposed construction of an 83,000 square foot building to market to prospective warehousing, medical, retail, and office tenants. The goal is to create 50 new full-time jobs with a total payroll of $2,000,000. The total investment is estimated to be $5,000,000. The company hopes to break ground in late February and complete construction within a year. AMCP II is seeking a 50% abatement of property taxes for the next 15 years. The application has already been approved by Granger Township and is also expected to be approved by Medina County. The District does not actually approve the CRA agreement, but rather works directly with the company to negotiate a compensation agreement to help offset the property tax losses to the District resulting from the CRA agreement. The compensation agreement, which specifies an annual payment of $5,000 throughout the abatement period, is included in the contracts/agreements consent agenda for Board approval.

HEARING OF INDIVIDUALS AND/OR DELEGATION REPRESENTATIVES

Theresa Wright, Highland Foundation Executive Director, reported that the Foundation has published a new flyer that describes all of their approved fall/winter programs and grants, which totaled $46,412. Spring/summer grant applications are currently under review. The Foundation hopes that total grants and scholarships will eclipse $100,000 for this year.

Dr. Christopher and Mrs. Thomas expressed their gratitude for the work of the Foundation and to the community for their support of the Foundation’s efforts.

Rob Henry, Highland Middle School Principal, reported that Wednesday morning, 260 students, staff, and parent chaperones will be leaving for Washington, D.C., and returning Friday night. He anticipates another great D.C. trip with additional stops at Gettysburg on the way to D.C. and Shanksville on the way back to visit the Flight 93 memorial.

Mr. William Horton, district resident, came before the Board seeking support for proposed legislation (House Bill 8) that would exempt from Public Records Law certain information concerning a minor that is included in a record related to a traffic accident involving a school vehicle in which the minor was an occupant at the time of the accident. Mr. Horton’s son was on a Highland bus involved in an accident last May. He was concerned with the number of attorneys that contacted him following the accident, but most troubling to him was the amount of personal information contained in the traffic accident report. He worried about fraudsters and other criminals having easy access to this information. He contacted Steve Hambley (Ohio House of Representatives) and Larry Obhof (State Senator) in an effort to get the law changed. The result of his efforts is proposed HB 8 sponsored by Steve Hambley. Mr. Horton is hopeful the legislation will pass, but in the event it doesn’t, he also asked the Board to determine whether the school district could provide an alternative address for minors (i.e. bus garage address or Board office...
address) should this situation arise in the future. He said he would appreciate any support the Board can provide in his efforts to protect the privacy of minors.

Dr. Christopher thanked Mr. Horton for bringing his personal story to the Board agreeing that this is an interesting loophole in the law.

Mr. Kelly praised Mr. Hambley for his responsiveness and track record of assisting in such matters. He stated his interest in sending a Board resolution to local state legislators in support of the bill.

Mrs. Aukerman said that this is something the District would support. She could not commit to whether the District has the ability to provide an alternative address for minors in such situations. She said that the District would comply with the law on that matter.

RESOLUTION IN SUPPORT OF OHIO HOUSE BILL 8  17-03-37

Mr. Kelly made a motion, seconded by Mrs. Thomas, that the Board of Education send a letter to state legislators communicating the Board's support for Ohio House Bill 8.

Mr. Kelly, yes; Mrs. Thomas, yes; Mr. Wolny, yes; Mr. Houska, yes, Dr. Christopher, yes.

Motion carried.

Lisa Pallante, Sharon Township resident, shared her concerns regarding the District's ongoing facility review, the current state of the buildings, and community engagement efforts. She attended a recent listening session on facilities and also took an online survey on the matter. She is frustrated with the lack of detail provided, questioned the accuracy of certain information, and doesn't understand why the District isn't further along in the process given that this facility review has been taking place for the past two years.

Dr. Christopher thanked Mrs. Pallante for sharing her concerns with the Board. He explained that the Board has received a lot of feedback from the listening sessions, most of it positive, and some of it very similar to what Mrs. Pallante shared. The District appreciates the feedback.

Mrs. Aukerman addressed the perceived delay in making a decision. She noted that this is a very complex issue. She acknowledged that the process did begin a few years ago and the results of the District's previous engagement efforts were not conclusive. Many people expressed an interest in having a voice after the Facilities Advisory Committee concluded its work and recommended to the Board that the District construct three new elementary buildings.

Mrs. Aukerman does not apologize for the time it has taken to get to this point because whatever the final recommendation is from the Board it will be very thoughtful and deliberate. Any decisions made now will impact the District for the next 50 years or more. The main objective at this time is to determine whether the community will support 3, 2, or 1 elementary buildings. Once that is determined, more details will be provided. Mrs. Aukerman asked for patience. It took 90 years to get to this point. The District is going about this the right way.

Dr. Christopher noted that the Board feels the frustration of some residents and recognizes that in many cases this stems from parents advocating for their kids. He reiterated the complexity of the issue and the number of factors to consider. He asked for the community’s trust as the Board works towards a solution. Mr.
Kelly stated that the level of detail desired by some residents would be very costly to obtain. He concurred that there must be some consensus on 3, 2, or 1 buildings before this more detailed information is generated.

Dr. Christopher said this process is about engaging the community in a conversation around what their values are relative to the future of the district. There will be much more information coming.

Mrs. Aukerman added that conversations take time and what the District understands is that more people wanted to be heard. The District is also being very careful about cost estimates and cannot stress enough that any figures being provided at this time are very preliminary. At this point, there appears to be about a $6 million difference in construction costs between the 3 vs. 1 building scenarios. In terms of levy cost, this equates to a difference of about $1.14 per month for the owner of a $100,000 home. There does not appear to be any large operational cost savings with any of the scenarios as the District already has a relatively lean staffing model and student enrollment is not declining. Building new schools will not have a significant impact on the District’s operating levy cycle. At some point in the future, there will be a need for a new operating levy whether or not new schools are constructed.

Dr. Christopher noted that the educational and financial operation of the school district under our current leadership is exceptional.

Mr. Wolny also asked for patience from the community noting that he can certainly relate to their concerns, as he is the father of an elementary student at Hinckley.

Mrs. Aukerman shared there will also be a statistically valid telephone survey of registered voters forthcoming in April/May as part of the District’s continuing engagement efforts.

NEW BUSINESS

Mrs. Aukerman reminded everyone that in addition to the middle school students travelling to Washington, D.C., there are also currently students in Spain, France and China who are participating in the District’s intercultural program. All have arrived safely. The students will be travelling abroad for ten days.

Mrs. Aukerman recognized Hinckley Elementary Principal Mr. Jim Carpenter, participating Highland staff and everyone else involved with Buzzard Day. She said it was a very nice community event. Mr. Carpenter said 1,400 breakfasts were served at Hinckley Elementary that morning. Dr. Christopher said there was great coverage in the newspapers.

Mrs. Aukerman provided another reminder regarding the online survey on facilities. The survey will be available until Friday, March 24th.

HEARING OF INDIVIDUALS AND/OR DELEGATION REPRESENTATIVES

Linda Collins, Hinckley resident representing the Highland Foundation, reported the recently approved spring grants, which are as follows:

Three music grants funded by the Robert Jagger fund:

- $1,000 – Private lessons – Helps student who cannot afford to take lessons, but have the desire to do so.
- $2,500 – Switchover Instrument Enrichment – For 7th grade band students that can begin to switch to “color” instruments – (ex. Tuba or Euphonium)
- $5,500 – Beo Strings Residency – Young & innovative classical string quartet from Pittsburgh, PA., specializing in traditional classical repertoire, will work with the 410 students of the Highland Orchestra program during a 2-day workshop. The program culminates with a performance featuring Beo in concert with the orchestra students.

- $1,000 - “Stand Your Ground” by Joel Penton – Mr. Penton, former OSU football player, uses a positive approach in helping students see firsthand how their actions have consequences. “Stand your Ground” aligns with both the High School and Middle School building goals and will help students in both buildings be better citizens and make the right choices.

- $3,280 – Great Lakes Theater School Residency Program – A team of 2 specially trained actor/teachers will visit the High School for five consecutive days to work with theatre students. This residence program is hands-on, creative, interactive, and will turn students into an acting troupe, exploring classic literature from an actor’s point-of-view.

- $6,000 - Highland Intercultural Program – This is a continuation of the three international sister school relationships. This year, participating Highland students travelled to China, France, and Spain in the spring and Highland High School hosted students from abroad in the fall. Through this program, students can receive school credit, teach classes, and gain a new knowledge of the world. These trips are not just for fun. Students observe differences in classroom structure, cultural behaviors, etc.

Additionally, Mrs. Collins and Mr. Craig Tasker, Highland High School Guidance Counselor, will be interviewing approximately 37 students for Highland Foundation grants, along with a number of other grants/scholarships that fall under the Highland Foundation umbrella. They expect to award around 16 grants.

Dr. Christopher expressed his gratitude to Mrs. Collins and the Highland Foundation for their work and for how well the organization represents the Highland community. He said the District is blessed to have their support and the support of the community, which allow further enrichment of the District’s curriculum.

TRUSTED LEARNING ENVIRONMENT (TLE) SEAL

Mrs. Aukerman introduced Laurie Boedicker, Director of Curriculum & Instruction, to discuss a recent honor the District received.

Ms. Boedicker shared that the Consortium for School Networking (CoSN), a national association for school system technology leaders, announced on April 4th that Highland Local School District earned the Trusted Learning Environment (TLE) Seal. The TLE Seal is a mark of distinction for school systems that have demonstrated an exceptional commitment to student data privacy. The award is the culmination of the tireless efforts of Roger Saffle, Technology Supervisor and Chief Data Governance Officer, Anne Marie Platten, Technology Secretary, Data Governance Committee, and many others throughout the District. The award requires input and buy-in from nearly all functions/departments of the District. Highland is one of only 12 school districts in the country to have earned this award.

Dr. Christopher expressed the Board’s appreciation and noted that awards like this don’t just happen. They require tremendous effort and he thanked all who contributed to the process. He feels this should only add to the confidence the community has in the operation of the District.

Mr. Kelly thanked all who were involved and said this is just one more example of Highland doing things the right way. He expressed how much he appreciates the District’s great leadership and how proud he is to be a Board member.

PROM PROMISE PROGRAM

Mrs. Aukerman shared information regarding the Prom Promise Program that was held on April 13th at Highland High School. First responders from various townships and the Medina County Sheriff’s Department staged a mock crash that more than 500 Highland High School juniors and seniors attended. Mrs. Aukerman thanked Dave and Sharon Centner who helped organize this event. Also, University Hospitals Life Flight Medevac helicopter, Hinckley and Montville Police Departments, along with the Ohio State Highway Patrol who were on hand to deliver a very poignant and important message to the high school students. The timing, one week before prom, was intentional and meant to be eye opening and thought provoking. Mrs. Aukerman also thanked Dana Addis, High School Principal, and Carrie Knapp, Assistant Principal, for helping to organize the program.

SUPERINTENDENT’S AGENDA

PRESENTATION – FACILITIES ONLINE SURVEY REPORT – VANESSA TEY IOSUE & CAROLINE RADO – BURGES & BURGES STRATEGISTS

Vanessa Tey Iosue and Caroline Rado of Burges & Burges Strategists presented the results of the school facilities online survey and listening sessions to the Board. There were 948 responses to the online survey and approximately 100 individuals
that participated in the eight different listening sessions. Burges noted that a statistically valid telephone survey of registered voters is also forthcoming in late April/early May.

The vast majority of the online survey participants indicated that something must be done, and that the conditions at the elementary schools and middle school require urgent action. The most popular option (43%) was to build three new elementary buildings. Further details regarding the listening sessions and online survey can be found on the District’s website.

Mr. Kelly recognized the urgency many parents feel, but stated that this process cannot be rushed. Much was learned from the construction of the high school. A well thought out plan must be developed and funding secured. Mrs. Aukerman noted that this process will take at least three to five years to complete after funding is secured. She is encouraged by the good conversations that are happening on the matter.

ACCEPTANCE OF FOREIGN EXCHANGE STUDENT 17-04-48

Mr. Kelly made a motion, seconded by Mr. Wolny, that the Board of Education accept Jeremy Miedler as a Foreign Exchange Student and waive all associated education fees for the 2017/2018 school year.

Jeremy Miedler is from Vienna, Austria and is sponsored by the International Student Exchange Program. He is residing with Chris and Barbara Heini of Granger Township.

REPORT OF THE TREASURER

APPROVAL OF MINUTES 17-05-54

Mr. Houska made a motion, seconded by Mrs. Thomas, that the Board of Education approve the Minutes of the Regular Meeting held on April 17, 2017, as presented.

Mr. Houska, yes; Mrs. Thomas, yes; Mr. Wolny, yes; Mr. Kelly, yes; Dr. Christopher, yes.

Motion carried.

APPROVAL OF MONTHLY FINANCIAL REPORTS 17-05-55

Mr. Wolny made a motion, seconded by Mrs. Thomas, that the Board of Education approve the April 2017 Financial Reports, as presented.

Mr. Wolny, yes; Mrs. Thomas, yes; Mr. Houska, yes; Mr. Kelly, yes; Dr. Christopher, yes.

Motion carried.

DESIGNATION OF BANK DEPOSITORY 17-05-56

Mrs. Thomas made a motion, seconded by Mr. Wolny, that the Board of Education approve S&T Bank as a designated depository for the District's active and interim funds in accordance with the Ohio Revised Code for the period May 15, 2017 through August 23, 2021.

Mrs. Thomas, yes; Mr. Wolny, yes; Mr. Houska, yes; Mr. Kelly, yes; Dr. Christopher, yes.

Motion carried.

APPROVAL OF BUS SPECIFICATIONS/AUTHORIZATION TO BID 17-05-57

Mr. Houska made a motion, seconded by Mr. Wolny, that the Board of Education approve the bus specifications, as presented, and grant authorization to advertise and accept bids.

Mr. Kelly commented that the District is having a difficult time finding bus drivers. For the first time that he can remember, the District is renting buses and drivers.
Mrs. Aukerman noted that the issue is two-fold. First, the District’s bus fleet is experiencing major issues from a mechanical standpoint. Second, the District continues to have difficulty finding qualified substitute drivers. This driver shortage is a problem throughout the State of Ohio and the country. The vote tonight will allow the District to add some additional buses.

Mr. Barnes said the District is looking to take a different approach this year. The District will acquire up to 15 buses by financing the purchase. The District would then forgo purchasing buses for the next three years or so. This will help get the life cycle for all buses down to a range of 10 to 12 years. The District will look to use sales tax proceeds to fund the purchase.

Mr. Houska, yes; Mr. Wolny, yes; Mrs. Thomas, yes; Mr. Kelly, yes; Dr. Christopher, yes.

Motion carried.

APPROVAL OF UPDATED FISCAL YEAR 2017 FIVE-YEAR FORECAST
17-05-58

Mr. Wolny made a motion, seconded by Mrs. Thomas, that the Board of Education approve the Updated Fiscal Year 2017 Five-Year Forecast and Assumptions for the five-year period ending June 30, 2021, as presented.

Mr. Barnes stated that the forecast assumes the passage of an incremental levy that expires at the end of calendar year 2018. He also noted that even with the passage of this renewal, the break-even point (the point at which revenues and expenditures roughly equate to one another) is projected to occur in fiscal year 2019. Without the renewal of this levy, cash reserves could be depleted in 3 to 5 years. This levy currently collects at a rate of 5.1 mills and generates approximately $4.1 million dollars annually.

HEARING OF INDIVIDUALS AND/OR DELEGATION REPRESENTATIVES

Dr. Christopher noted that the essence of the meeting is to create a forum where there can be discussion of items that are of importance to the District and parents and other important stakeholders. Given the large community turnout, Dr. Christopher laid out some ground rules for the meeting. He reminded the audience that this is a meeting held in public, but it is not a public meeting. He requested that individuals who wish to speak limit their comments to five minutes and refrain from personal attacks.

Dr. Deuber, Athletic Administrator, updated the Board on some fantastic things that have happened this year in high school athletics.

The District is very proud of all of its teams and the success that they have had.

Karen Valantasis, 1st grade teacher at Sharon Elementary, spoke in support of the Leader in Me program at Sharon Elementary. Before she began her remarks regarding the Leader in Me Program she congratulated this year’s Highland Pride Award recipients, Jan Novosieliski and Sharon Centner. Mrs. Valantasis strongly supports the Leader in Me Program, which includes teaching students about the “7 Habits of Happy Kids”. She feels the program matches the vision of Sharon Elementary well. She noted that the program helps continue academic excellence while creating a culture of student empowerment based upon the idea that every child can and will be a leader. She spoke about the tireless efforts of the staff and students that helped get the school to this point. She also thanked the staff, students, parents, and administration, especially Principal Kowza, for all of their support. She emphasized that the habits are secular in nature and common to all people and cultures. She also spoke about the great success of the recent Leadership Day that took place at Sharon Elementary.

Rebecca Smith, Hinckley resident and current chairperson for the Highland Alumni Association, provided an update on developments that have taken place over the past year. She noted that the Alumni Association now has a database with over 300 registered alumni. She also announced that the annual Hornet Dash 5k run would be held on June 3rd with registration beginning at 8:30 a.m. at Highland High School. She noted that this is a free event for which Second Sole will be providing online registration. She also announced that for homecoming weekend in the fall, the Association will launch its alumni weekend with a golf outing and banquet. The Alumni Association is a sub-committee of the Highland Foundation. For more information, please go to www.highlandfoundation.org/get-involved/highland-alumni.
Shelley Tanski, Sharon Township resident, spoke about her opposition to the Leader in Me program. She stated that she is not necessarily opposed to the 7 habits; however, she feels the habits sometimes interfere with her rules at home. She does not want to have to compromise with a six year old and an eight year old. She also expressed concern about the cost involved with the program.

Alicia Steinmetz, Sharon Elementary teacher and parent of children in the District, thanked Mrs. Tanski for her comments and acknowledged the courage of those parents in attendance who oppose the Program because they stand before a large group of people who support the Program. She encouraged that everyone open their hearts and minds reminding those in attendance that there were very hurtful comments posted on social media regarding this topic. She said she has never felt so defeated in her 17 years of teaching, but realizes that this is not about her, but the children and the school will continue to listen to parents’ comments so this situation can be made better.

Mrs. Steinmetz then introduced Cade Brown, a sixth grade student who was new to the school last year. Cade’s mother, Dr. Brown, is a firm believer in the program. Cade said he came from a school that was very strict with a heavy emphasis on discipline. He credits the Program at Sharon for helping him to open up. The Program has taught him life skills, how to be a leader, and to step-up. He did so well in the Program that he got to be a tour guide for the Parent Leader day. He reviewed a couple of the 7 habits and what they mean to him and how he uses them.

Dr. Christopher said this situation can be very difficult and intimidating. It takes a lot of courage and commitment to be able to talk about whatever your position may be. This is the essence of democracy. The Board is elected to represent the community, the kids and their families. He believes that Highland is a critical part of the culture of this community and these conversations are very important.

Sabrina Frye said her family recently moved from South Carolina to Sharon Township last April. She noted that change is hard. Her family has moved eight times in thirteen years. She has come to take changes like moving in stride and chooses to move forward embracing the situation. Her family did a lot of research and interviewed other schools before deciding to move to Sharon. The condition of the buildings was alarming compared to previous schools in which her children were enrolled, but once she met with Mrs. Kowza and observed the staff in action she knew Highland was the place for her family. She learned more about the Leader in Me Program and thought it was fantastic. She feels that the Program teaches the types of skills her children need to prepare them not only academically, but also for life. She has bought the books upon which the Program is based to ensure a good understanding and plans to continue the lessons at home. She thanked the staff for their hard work and giving her children an avenue they did not consider at home. She has been so impressed with Highland that she plans to live in the community at least until her children are through high school. She appreciates that Highland is always looking to improve.

Carrie Silver, Sharon Township resident, has loved Sharon for the past eight years and has only positive comments about Sharon and the School District in which her family lives. Her concern about the Leader in Me program is the lack of visibility given to the parents and the lack of communication coming home. She seeks a better understanding of the funding source of the Program and how that funding will affect her children down the road. She understands that the school has many needs and wonders what programs aren’t being funded in favor of the Leader in Me. She is curious about the future of the Program. She feels the community should have some input on this. She believes in the 7 Habits and wants her children to strive to be proactive and feels improved communication by the District will help this situation greatly.
Lisa Pallante, Sharon Township resident, said the Leader in Me Program is a very hot topic. She is a parent of 4 children at Sharon Elementary. She feels uncomfortable because of the discontent that currently exists at Sharon Elementary. She said while the program may be great, it has split the school with parents choosing sides. She is a parent volunteer and on the PTO board, and said this is not the Highland to which she moved and has come to know. She kept her children home on the Leadership Day held on May 11th at Sharon Elementary because she was uncomfortable sending them with all the people in the building that day. She does not feel the environment is welcoming anymore. She asked that the teachers look at this from the parent’s perspective. She stated not every child has a Chromebook at Sharon. Education sold her on this school. The Leader in Me was not here when she moved to the District. This is where she wants her children to go to school and graduate from, however, at this point, she is considering other school options and possibly withdrawing her children from Sharon Elementary. She worries that the kids suffer the most in these circumstances.

Carrie Madison, Sharon Township resident, has 8 children; 1 in high school, 2 in middle school, 3 at Sharon, 1 at Granger preschool, and 1 at home. All of her children have gone through Sharon Elementary so far. Her 3 older children did not experience the Leader in Me program. In her opinion, they went on to the middle school confident, self-assured, and hard-working kids. She feels that the habits should be taught in the school and at home without a huge price tag attached. She disagrees with how this is being forced on the kids, how much money is being spent, and worries about class time that is being lost while prepping for a program (Leadership Day). When her children are at school, she expects them to be learning. She wonders how the impact of the Leader in Me Program is being measured and whether it even can be. She also chose to keep her children home on Leadership Day. She attended the program last year and felt the children have memorized the habits, but cannot really apply the concepts. She also feels that there has been a lack of transparency with parents regarding the Leader in Me. She does not agree with some of the teachings and feels the District’s funds could be better spent.

Candy Pulis, Sharon resident and Sharon Elementary office aide, apologized for taking away from Jan and Sharon on their special night and congratulated them on their well-deserved Highland Pride Awards.

Mrs. Pulis has been a community member for 5 years, has 3 children currently enrolled at Highland, has served as a parent volunteer, and worked for the District in various capacities. She has also been a part of other schools and moved around a lot. She feels she brings a different and broad perspective to the table. She does not believe anyone here thinks teaching leadership skills is a bad thing or unnecessary. These are valuable skills for everyday life. In her time here and in her opinion, she has observed some positive changes that she attributes to the Leader in Me Program. She has seen more buy in from the staff, more volunteerism, and improved self-esteem in students. The goal is to help students be the best they can be. She believes this program also gives parents another tool at home. She supports the program and said parents need to be more proactive and educate themselves by reading the books.

Dr. Christopher acknowledged the high expectations residents have of the District. He stated that the District is committed to meeting and exceeding these expectations to give the students of Highland the very best possible opportunity to be successful. He expressed his concern that the environment in a building could be making some people feel unsafe or ostracized. He also noted that more effective communication needs to take place. He stated that the District would work to address these matters. He concluded by thanking everyone for their time and recognized the courage that it took to have these conversations.
Mrs. Aukerman said she appreciated everyone’s attendance. She recognized that this is a very emotional topic and people feel very strongly one way or the other. She feels that, no matter what your position is on this topic, everyone wants what is best for the students. She acknowledged the communication gap and committed to address this through an upcoming community forum. She invited everyone to attend. She cautioned people not to continue to play this out on social media. She encouraged everyone to come together for a healthy dialogue and reiterated a commitment to working to do what’s best for the kids.

SUPERINTENDENT’S AGENDA

PRESENTATION – REPORT ON FACILITIES TELEPHONE SURVEY – KATHY SEVERINSKI – SENIOR PARTNER – TRIAD RESEARCH GROUP, CLEVELAND

Mrs. Aukerman introduced Kathy Severinski to present the results of the recent statistically valid telephone survey regarding the District’s facility needs.
Ms. Severinski described the telephone survey her company conducted at the end of April 2017 through which 350 likely voters throughout the District were contacted. The primary purpose of the survey was to gauge community opinions about the Highland Local School District and the potential support for a possible bond issue. The survey results were summarized as follows:

- There is little support for the $54 million bond issue to build one new elementary for all the students in the District. A majority of both parents and non-parents opposed this issue.
- The $55.5 million bond issue to build two new schools – one in Hinckley and one in Sharon – has the best chance of passing.
- This issue has more support among non-parents, voters in Granger and probably for voters.
- Highland parents are slightly more supportive of the 3-school plan than the 2-school plan.
- There may be a chance of passing a $60 million bond issue to build three new schools if the schools can communicate more reasons for this plan.
- There is community support for new elementary schools. By the end of the survey, 65% of voters would definitely or probably vote for a bond issue to build new elementary schools and renovate the middle school.
- Voters still need more information about the condition of the elementary schools and the reasons presented in the survey were very good.
- While cost is a concern for many voters, a large majority think it’s time to upgrade the elementary and middle school buildings.

Mrs. Aukerman noted that the District’s goal is to arrive at a decision in June. The results of community engagement efforts have led to the one consolidated elementary building option to be removed from consideration. The District will decide between a 2 and 3 elementary building scenario. The timing of a potential bond ballot issue is complicated by the need to pass the renewal of an incremental levy that expires at the end of calendar year 2018. The District must carefully consider the risk of not passing the renewal and at the same time capitalize on the momentum that exists to build new elementary buildings.

This survey presentation will be made available on the District’s website.

**DEMONSTRATION – MIDDLE SCHOOL SCIENCE EQUIPMENT – SANDY SCHILLING**

Mrs. Schilling presented a slide show on a new piece of equipment being used at the middle school. It is a sand box that utilizes augmented reality to create topographic maps. Other uses are to map the earth’s surface and illustrate water sheds of land forms, light rays, tectonic plate movement and volcanism.

Mr. Kelly exited the meeting.

RESOLUTION RANKING PROFESSIONAL DESIGN FIRMS 17-06-69

Mr. Wolny made a motion, seconded by Mrs. Thomas, that the Board of Education approve the Resolution, as presented, ranking the top firms that responded to the District’s announcement for professional design services and authorize the Superintendent and Treasurer to enter into contract negotiations with the firm ranked most qualified.

Mrs. Aukerman further explained the process.
- Seven firms put forth interest in this project.
- Mrs. Aukerman and Mr. Barnes conducted preliminary interviews with all seven firms.
- On June 16, 2017, four firms were brought back for a second interview with Dr. Christopher and Mr. Kelly in attendance. Following these interviews, the four firms were ranked as presented.
- GPD Group appeared to best capture the scope and spirit of the project and will serve the community well.

DISCUSSION OF DISTRICT FACILITIES AND POTENTIAL BOND ISSUE

Dr. Christopher engaged the Board in a discussion regarding District facilities and a potential bond issue. He provided a framework for the discussion emphasizing the following points of interest:

- Build vs. remodel; building new elementary schools and renovating the Middle School appear to be the logical choices
- Proper timing for a bond issue given the upcoming need for a renewal levy
- Two vs. Three new elementary schools

Mr. Houska asked if the 3 elementary buildings would be built simultaneously.

Mrs. Aukerman said this is to be determined in the future. First, the District needs to decide on the number of buildings and then collaborate with the professionals on the project to determine the most appropriate timing/staging and site utilization.

Mr. Kelly said his initial thought was to build 2 elementary schools; however, he has since reconsidered. Given the closeness of the survey results between 2 and 3 buildings, the small difference in millage/property taxes between the two options, and the amount of growth that is happening in the Highland community, he feels it would be a mistake not to build 3 elementary schools. He does not want to regret the decision and potentially have to come back to the community later to ask for an additional building noting that construction costs increase each year. He feels strongly that 3 buildings provides more flexibility/capacity and is the right thing to do long term.

Mrs. Thomas was in agreement with building 3 elementary schools noting that the survey results were so close with many people responding that they would vote for either option. While cost is a key consideration, she feels that it is important to understand what the communities want to look like and how they want their children to be educated. She recalled that her children attended Highland when there were only 2 elementary schools and remembers the various challenges that were presented in that scenario, including longer transportation times. She also recalled the desire of the residents of Granger and Montville to have their own school.

Dr. Christopher noted that the administration did look closely at the budget impact of 2 vs 3 buildings and determined that operational costs were relatively consistent under either scenario. The impact on transportation does require some additional consideration.

Mr. Kelly recalled a high volume of complaints regarding the amount of time that younger students were on buses back when the District had 2 elementary schools.

Dr. Christopher mentioned that the other part of this potential project would be the renovation/remodeling of the Middle School. The District has discussed openly that the Middle School needs a fair amount of work and the full extent of that work has not been determined at this point, but it is also an important part of the discussion.

Mrs. Aukerman said the Middle School remodeling would begin with HVAC, roofing, safety and security, lighting, and fire suppression upgrades. The amount of renovation to classroom space is yet to be determined, but the priority is on the warm/cool, safe, and dry aspects.

Dr. Christopher next turned the attention to the timing/sequencing of the bond issue relative to the renewal levy. Based on the data presented regarding the readiness of the community and the support and urgency that is being felt from the community, it is his position that the bond issue be pursued as quickly as possible. He emphasized that it does need to be made very clear in all communications and engagement efforts that the renewal remains critical and that these are 2 separate issues.

Mr. Wolny acknowledged the amount of work and time that went into community engagement. He stated that the results of those efforts indicate that the timing is key and the bond issue should be placed on the ballot first.
Mrs. Aukerman reiterated that the levy renewal would be taking place with or without the bond levy. She said it will be critical that the message is carefully communicated that the renewal is not because of a bond issue and is not the result of additional operating costs associated with new buildings.

Mr. Kelly said he generally feels that a renewal levy should come first, however, the results of the surveys changed his mind in this specific case. There is a lot of momentum and a sense of urgency regarding the need for new schools. He also reminded the audience about the importance of passing the renewal levy in 2018.

Dr. Christopher inquired of Mr. Barnes about the bond issue filing deadlines.

Mr. Barnes noted that there are a number of upcoming deadlines and that a special Board meeting or possibly two would be required to pass the related resolutions. He summarized the deadlines as follows:

- July 10: State Superintendent/Tax Commissioner Consent
- August 1: 9% Special Needs Consent
- August 9: Resolution of Necessity and Resolution to Proceed Filed with County Board of Elections

Mrs. Aukerman summarized the conversation noting that there is momentum to proceed with a bond issue for the construction of three new elementary schools and renovate the Middle School. The District will take the necessary steps to place that issue on the November 7th ballot.

Mr. Kelly once again stated that the Board is not doing its duty for the future of the school system, if it does not resolve to build 3 new elementary schools.

Mrs. Aukerman stated the community surveys indicated that parents value and like a smaller school, community based concept and that Highland has academically performed quite well over the past ten plus years utilizing this model.

Dr. Christopher asked Mr. Barnes to draft the necessary resolutions to proceed with a November 7th bond issue. He concluded that this process has been very good and he feels comfortable that the District is moving forward with the right choice.

Mrs. Aukerman said communications would begin tomorrow with the public to inform them of the Board’s direction and the need for a lot of support.

HEARING OF INDIVIDUALS AND/OR DELEGATION REPRESENTATIVES

Mr. Reno Contipelli, Northeast Ohio Regional Manager for the Ohio School Boards Association, thanked the Board for having him this evening. He has 225 school districts in his region and said Highland High School is the most gorgeous school building he has been to and congratulated the Board. The OSBA Northeast Region consists of 19 counties and OSBA tries to have at least one board member from every county represent them. He congratulated and thanked Board Member Diane Thomas who volunteers her time representing Medina County.

Mr. Contipelli presented years of service awards to Mr. Houska (10 years), Mr. Kelly (20 years), and Dr. Christopher (10 years).

Dr. Christopher said this is one form of service he feels privileged to be a part of and feels the Board makes a difference and that they are a great team.

Mr. Kelly joked that he has actually been a school board member for 36 years: 20 years at Highland and 16 years on the County Board.

Teresa Wright, Executive Director for the Highland Foundation, provided information regarding the Foundation’s 13th Annual Great Gifts Dinner, which will be held on November 4, 2017. She also shared details of other events that are planned for the fall and thanked the Foundation’s many sponsors. She noted that the Foundation has a goal to give back $100,000 to the school this year.

Mrs. Aukerman thanked Mr. Dana Addis, High School Principal, for all of his work at Highland High School over the past six years. She said it is with mixed emotions that we say goodbye to him, but understands the move he is making to continue his professional growth.

Mr. Addis remarked on what a special place Highland is. He thanked the Board for the chance to be here for his first principal’s job and said he will keep an eye on all the good things happening at Highland. He said he can depart with peace of mind knowing the building will be in great hands with Mrs. Knapp and Mr. Gerycz. He sincerely thanked everyone.

Mrs. Knapp, High School Principal, formally introduced Mr. Paul Gerycz who will be the new High School Assistant Principal.

Mr. Gerycz thanked everyone for the opportunity to be a part of such a great school district.

BOARD MEMBERS’ AGENDA ITEMS

Mr. Kelly asked Mrs. Aukerman if she had heard whether the new roundabout at Ridge Road and Granger Road was going to be open before school starts tomorrow. Mrs. Aukerman said the District has not officially heard from ODOT; however, tomorrow is the date ODOT has given to the township trustees. Ms. Parker, Transportation Supervisor, said her understanding is that it should reopen tomorrow night. Mrs. Aukerman suggested everyone give themselves a little extra time in the morning in the event it is not open and to get accustomed to the new traffic pattern in the event it is.
HEARING OF INDIVIDUALS AND/OR DELEGATION REPRESENTATIVES

Mrs. Aukerman announced that the District is required to hold a public meeting on whether to reemploy Mary Fran Kudla, who retired under the School Employees Retirement System, in the position of Community Education Director. Those attending the meeting were afforded the opportunity to comment on the proposed reemployment of Mrs. Kudla. No comments were made. The Board plans to take action to reemploy Mrs. Kudla at the September Board meeting.

NEW BUSINESS

Mrs. Aukerman offered congratulations to Dr. Christopher. Dr. Christopher, who is Chairman of the Department of Pediatrics at Akron Children’s Hospital, was chosen by the Ohio Chapter of the American Academy of Pediatrics, to receive the 2017 Elizabeth Spencer Ruppert “Outstanding Pediatrician of the Year” award. This award honors Dr. Christopher for his expertise and leadership in child health on both local and state levels. The award is the Chapter’s highest honor as it recognizes a pediatrician for their distinguished achievements and outstanding contributions to the advancement of pediatric care and dedication for patients and physicians.

Mrs. Aukerman shared that the Highland Pride Levy Committee has begun its work relative to the November 7th Bond Issue. She shared that the first meeting on August 16th was well attended and that Tom Dreiling and Mark Sollenberger have agreed to serve as the Campaign Chair and Treasurer, respectively. Many others have also stepped up to take on Committee roles. She invited the Board to attend future meetings, but cautioned that only two members should be present at any given meeting.

HEARING OF INDIVIDUALS AND/OR DELEGATION REPRESENTATIVES

Austin Linden, a Hinckley parent and resident, spoke regarding a concern he has with the school bus routes in his neighborhood. He is a parent of two middle school children. He stated that his neighborhood is very dark, homes are farther apart, and there are no street lights or sidewalks. He said since kindergarten, his children have been picked up in front of his home, however, that changed last year. He stated that the bus still drives right by his driveway each day in the morning and the afternoon. He feels that an additional stop could easily be added. He has called the transportation department to communicate his concerns to no avail.

Mr. Houska responded by saying this is the first the Board has heard about the problem and said the District will look into it and get back to him with a response.

Mrs. Aukerman said the School Board did vote years ago to do away with individual stops at every home and have moved to cluster stops. Mrs. Aukerman said the District will look further into the specific concern presented by Mr. Linden.

Rebecca Smith, current Chairperson of the Alumni Association, provided an update and reminded everyone that the Alumni weekend will be held in conjunction with Homecoming weekend. October 6th will be the first Highland Distinguished Alumni Hall of Fame induction ceremony. This honor is not restricted to alumni who have excelled in athletics, but could also be based on service, professional success, etc. and encompasses many different aspects of an individual alumni’s experiences. Nominations have been collected over the past couple years. Nominations were submitted anonymously to the Executive Board.
of the Foundation for review. The Foundation was not given the person’s name, just their graduation year and what they have accomplished in their given field. From the 11 nominations submitted, 5 individuals were selected for induction: Dr. Roger Chaffee, Class of ’76; Barbara Dzur, Class of ’59; Dr. Jeff Pay, Class of ’94; Mr. William Konyha, Class of ’66; and Dr. Charles Pfister, Class of ’73.

The alumni event will take place at Highland Middle School. The doors will open at 4:30 and the event is expected to last until 6:30 P.M. The ceremony is open to the public for a $5 fee. Two alumni will be catering the event - John Kolar, Executive Chef and Owner of Thyme 2 in Medina, and Jennifer Englehart-Starcher, Class of ’91, owner of Eclectic Edibles Catering.

Mrs. Smith also reminded everyone about the Highland Foundation’s 13th Annual Great Gifts Dinner/Auction event to be held on November 4th at Weymouth Country Club and a Wild West Night Out “friend”raising party on October 12th from 6:00 P.M. to 10:00 P.M. that will be held at the Lodge at Alldale. A $20 admission fee or basket donation of equal value is required for the October 12th event for which Dave Centner, Sheriff’s Deputy, has offered to arrest several people throughout the community and bring them to the event with lights and sirens blazing. Detainees are Chris Wolny, Highland Board Member; Carrie Knapp, HS Principal; Charles Franchetti, MS teacher; Sharon Centner, DARE Officer; and Mike Kovack, Medina County Auditor. Donations will be accepted in order to either bail out or keep incarcerated these celebrity prisoners.

SUPERINTENDENT’S AGENDA

STATE REPORT CARD OVERVIEW

Mrs. Aukerman reiterated what the newspapers from the County and Northeast Ohio have reported. There are six components to the State report card. The District received 2 A’s for the value added component and graduation rate; 2 B’s for prepared for success, which looks at how well the District is preparing students for future opportunities, and the achievement component, which relates to test scores; and 1 C in the gap closing, which looks at how well schools are meeting expectations for a variety of sub groups of students. There is a sixth component, K-3 literacy, which is not rated for Highland. The grades Highland received were the same as last year, which can actually be viewed as an improvement because the standards were increased from the prior year. Mrs. Aukerman is pleased with the results as Highland was ranked 45th out of 608 schools being ranked in the
State. She is very proud of the staff and administrators who take this very seriously. Highland has the strongest performance in Medina County, but still recognizes there is room for improvement.

Mr. Houska asked if Highland would have been graded on the K-3 literacy component, would the District have scored higher, to which Mrs. Aukerman replied no. Mrs. Thomas said it is actually a positive, meaning our children are all ready to learn and do not have the issues and the parents should receive an “A” for preparing the children ahead of time.

Mrs. Thomas said this is only the second year that the State has used these indicators. Mrs. Aukerman said these six components have been in place for a couple of years for these tests and have had some consistency. Schools have gone from OAA to PARCC to AIR. Mrs. Thomas referred to graphs which show drops when they change the testing. It is the same indicators, but it is based on different data that has been changed multiple times in the past. Mrs. Aukerman said as OGT was phased out, all of the OGT indicators have come off of the report card and been replaced with end of course exams. Mrs. Aukerman said she is confident Highland will continue to grow. She said next year there will be one overall letter grade combining all six components.

APPROVAL OF FISCAL YEAR 2018 FIVE YEAR FORECAST 17-10-126

Mr. Wolny made a motion, seconded by Mr. Houska, that the Board of Education approve the Fiscal Year 2018 Five Year Forecast and Assumptions for the five-year period ending June 30, 2022, as presented.

Mr. Barnes indicated that the District remains in relatively good financial shape, but reiterated the critical nature of renewing the incremental levy that expires at the end of Calendar Year 2018.

Mr. Wolny, yes; Mr. Houska, yes; Mrs. Thomas, yes; Dr. Christopher, yes.

Motion carried.

BOARD MEMBERS’ AGENDA ITEMS

Dr. Christopher thanked the many people involved in the bond issue campaign (Issue 18), including the staff, leadership team, and community members. He shared his experience in the Highland community and recalled the reasons he moved here 27 years ago. He noted that his family has greatly benefitted and continues to do so as a result of the great education his children received at Highland. He strongly encouraged support for Issue 18, which he feels will continue to raise the District up to the standard that the community expects. He urged others to show their support at the ballot box and also noted that additional volunteers are needed to help the levy committee complete their final community
outreach efforts leading up to election day. He also conveyed Mr. Kelly’s strong support of Issue 18.

Mrs. Aukerman also called for additional volunteers as the levy committee could use help in its ongoing efforts to get the message and supportive voters out through door to door canvassing and phone banking.

HEARING OF INDIVIDUALS AND/OR DELEGATION REPRESENTATIVES

Theresa Wright, Executive Director of the Highland Foundation, thanked Chris Wolny, Carrie Knapp, and everyone else who participated in the Foundation’s recent Wild West event. The event raised over $1,500 as well as many in-kind donations for auction baskets to be sold at the upcoming Highland Foundation Dinner, which she reminded the audience takes place November 4th at Weymouth Country Club.

**BOARD MEMBERS’ AGENDA ITEMS**

Dr. Christopher congratulated Mrs. Thomas, Mr. Kelly, and Mr. Wolny, all of whom were re-elected this month. He thanked them for their willingness to serve in this capacity. He noted how great it is to have the administrative team and Board working together to help support the great work that the staff and families do in the District.

Dr. Christopher said how much the District appreciates the community’s support in passing the Bond Issue. There was a great turnout and a resounding victory. The Board has committed to use these funds wisely and build facilities that will allow our students to continue to excel and create something of which the community can be proud.

Mr. Kelly expressed his excitement and said it is great that the community has supported the District as they have. He noted that the Board also recognizes many people voted against the bond issue and that the Board and administration will continue to represent everyone in this District and make sure good financial decisions are being made throughout this process.

Dr. Christopher read a letter received from the State Board of Education notifying the administration that Highland Local School District has received the Momentum Award for the 2016-2017 school year. This award recognizes districts that have received A’s on each value-added measure included on the State report card. Dr. Christopher thanked Mrs. Aukerman, the entire leadership team, and the teachers and staff for all of their work in making this award possible.

Mrs. Aukerman also announced that Granger Elementary and Highland Middle School were the recipients of the Momentum School Award. She congratulated Principals LeAnn Gausman and Rob Henry on their buildings’ accomplishment.

Dr. Christopher concluded by mentioning the Fiddler on the Roof production that occurred over the weekend noting it was truly exceptional. Everywhere we look, and everywhere we go in the District there is good news, good work, and great pride!
HEARING OF INDIVIDUALS AND/OR DELEGATION REPRESENTATIVES

Theresa Wright, Highland Foundation Executive Director, reported that the Foundation recently approved seven grants in the total amount of $44,089. The grants included:

- One District, One Book
- 21st Century Sound
- Accompanist Grant to work with students prior to adjudicated solo events
- National Players
- The Chemistry of Art
- All The Waves We Cannot See
- Yoga & Mindfulness with Instructor Heather Bauer

Mrs. Wright also thanked everyone who attended the Foundation dinner this year. She noted that the event raised around $130,000 and will net approximately $103,000. She announced that Mr. Kelly was the big winner of the Ohio City get away from that evening.

Dr. Christopher said wherever he goes; he always speaks highly of the Foundation, and everything that can be done through them that the District would never be able to do without them.

It was noted that Mr. Carpenter, Principal of Hinckley Elementary, could not be in attendance for the Board meeting because his building was hosting a STEAM (science, technology, engineering, art, and math) night, which is another initiative funded by the Foundation.

MAY 2018 LEVY RENEWAL – DECLARATION OF NECESSITY – ADDENDUM # I 17-12-150

Mrs. Thomas made a motion, seconded by Mr. Wolny, that the Board of Education approve the "Resolution declaring it necessary to renew all of an existing current expense tax levy and requesting the Medina County Auditor to certify the total current tax valuation of the School District and the dollar amount of revenue that would be generated by the renewal levy", as presented in Addendum # I.

Mr. Barnes explained that this resolution is the first step of a two-step process. A certified copy of this resolution will be sent to the Medina County Auditor, who will return the information necessary for the District to prepare the next resolution, which is the resolution to proceed. The importance of passing this renewal levy has been discussed for the past couple of years. Originally, this levy was passed as an incremental levy back in 1998. It was renewed in 2007 and currently generates approximately $4.1 million in revenue annually.

Mrs. Aukerman noted that the District has continuously communicated, especially during the bond campaign, so that there is no misunderstanding with the public
that the bond issue was separate from the renewal. The District is thankful for the passage of the bond issue and now it is critical that the focus shift to the renewal of this levy, which will support the effective operation of the District for the foreseeable future.

Dr. Christopher reminded the audience that if passed by the community, this levy would not generate new revenue for the District, but rather continue the amount of revenue currently produced by the levy. There will be no tax increase with the renewal of the levy.

Mrs. Thomas, yes; Mr. Wolny, yes; Mr. Houska, yes; Dr. Christopher, yes.

Motion carried.

BOARD MEMBERS’ AGENDA ITEMS

APPOINT A PRESIDENT PRO TEMPORE TO PRESIDE OVER THE ORGANIZATIONAL MEETING ON JANUARY 8, 2018  17-12-151

Mrs. Thomas made a motion, seconded by Mr. Houska, that Mr. Wolny be appointed as President Pro Tempore to preside over the Organizational Meeting on January 8, 2018.

Mrs. Thomas, yes; Mr. Houska, yes; Mr. Wolny, yes; Dr. Christopher, yes.

Motion carried.

Dr. Christopher stated that Highland Local School District was among 447 school districts across the United States and Canada to be named to the 8th annual AP Honor Roll by the College Board. Highland High School has been named to this list 5 out of 8 times. This is the result of a strategy that was implemented approximately 10 years ago to really focus on growth and AP offerings. The award recognizes districts for simultaneously increasing access to AP coursework, while increasing the percentage of students earning scores of 3 or higher on AP exams.

Dr. Christopher congratulated HS Principal Carrie Knapp and her team for their vision and execution in making this happen. He also thanked Mrs. Aukerman and the entire administrative team for their support.

Mrs. Aukerman said that the District’s AP numbers continue to increase and it is a testament to all of the good work that is happening here. Even with increased participation, test results are still at a high level. We are very proud of our students and our staff for exploring new ways to bring opportunities to our students.

SUPERINTENDENT’S AGENDA

GPD GROUP – PRESENTATION ON NEW ELEMENTARY DESIGN TIME LINE AND PROCESS – RODWELL KING AND MARK SALOPEK

Mrs. Aukerman introduced Mr. King and Mr. Salopek from the GPD Group who have been working with the District to provide professional design services for the construction of 3 new elementary schools and the renovation of the middle school.

GPD provided a high-level overview of the design process, which included discussion about learning spaces, features, educational visioning, etc. They also shared an estimated timeline that projected design work taking place for the duration of calendar year 2018, construction of elementary schools from January 2019-July 2020, and middle school renovation work from May 2018-July 2020.

Mr. Houska inquired about the timeline, which seemed lengthy. GPD indicated that this timeline is very typical, but that it will be reassessed once a construction manager is on board and will also be dependent on the success of land acquisition efforts.

Mrs. Aukerman pointed out that renovation efforts at the Middle School are hamstrung by students being in the building. Most of this work will need to take place during summer months.

Dr. Christopher noted that weather could play a major role as well.

Mr. Salopek said that the team will hit the ground running after the holidays and that January through June 2018 will be a very busy time.

Mrs. Aukerman discussed the visioning process that will drive building design. She feels that a good team is assembled. She noted that the new buildings may depart somewhat from the traditional model.

Dr. Christopher said that it will be important to engage the community all along the way. Mr. Salopek said that his firm’s goal is to over-communicate. Mrs. Aukerman noted that a website is being developed by the District to assist with communication efforts and keep the community up to date on progress at all times.
Mrs. Aukerman noted that enrollment projections are challenging, especially in Sharon where there has been significant new development. The buildings will be constructed flexibly to accommodate the possible need for future additions.
